

THE E3 ACADEMY GOLF EXPERIENCE

DEVELOPING JUNIORS. BUILDING CHAMPIONS. FOR LIFE.

At E3 Golf Academy, we go beyond teaching your junior how to swing. We develop **complete golfers**—physically, mentally, and emotionally—so they can perform on the course and in life.

THE E3 DIFFERENCE

A SYSTEM, NOT JUST SWING TIPS

We integrate the TPI system to connect the body, mind, and game for lasting improvement.

PERSONALIZED DEVELOPMENT

Every junior follows a custom roadmap built around their strengths, needs, and goals.

MENTAL TOUGHNESS TRAINING

We build confidence, discipline, focus, and resilience to perform when it matters most.

PLAY SMARTER, SCORE LOWER

Through course management, decision making, and strategy, we help juniors think like champions on the course.

CHARACTER & LIFE SKILLS

We teach habits, accountability, and values that shape better golfers and better people.

THE E3 JOURNEY

- 1 EVALUATE**
We start with a comprehensive TPI-based evaluation to understand your junior inside and out.
- 2 EDUCATE**
Your junior learns the why behind the game—building knowledge, awareness, and ownership.
- 3 ELEVATE**
A structured plan turns knowledge into consistent improvement on and off the course.
- 4 PRACTICE WITH PURPOSE**
Every session is intentional, measurable, and focused on building transferable skills.
- 5 PERFORM WITH CONFIDENCE**
Your junior competes with clarity, trust in their game, and the ability to handle pressure.
- 6 BECOME THEIR BEST**
We develop a junior golfer who is prepared for the game—and for life.
